About CISSP

CISSP® - Certified Information Systems Security Professional

For the Next Generation of Information Security Leaders

*The vendor-neutral CISSP certification is the ideal credential for those with proven **deep technical and managerial competence, skills, experience, and credibility to design, engineer, implement, and manage their overall information security program to protect organizations from growing sophisticated attacks.***

Backed by (ISC)², the globally recognized, not-for-profit organization dedicated to advancing the information security field, the CISSP was the first credential in the field of information security to meet the stringent requirements of ISO/IEC Standard 17024. Not only is the CISSP an objective measure of excellence, but also a globally recognized standard of achievement.
